

# BEHAVIOR BASED SAFETY OBSERVATION SYSTEM

## Cloud-Powered Audit System

Best suited for any work environment, HSE-on-the-GO is the world's first proprietary system that ensures compliance at all levels by allowing your stakeholders to report any health, safety and environmental issues, on the go! It is a cloud -powered system allowing for real-time behaviour and audit, accessible via a customized mobile application system complete with GPS indicator.

## Behavior & Compliance

HSE-on-the-GO aims to increase the level of compliance by implementing a continuous observation system for your workers' behaviour. Increased compliance greatly reduces risk of unwanted accidents.

### SIMPLIFY HSE PROCESSES

HSE-on-the-GO simplifies reporting processes greatly. The collaborative system greatly improves reporting & audit processes.

### OWN & ACT

With increased realtime awareness as situations arise, HSE-on-the-GO would demand instant action & feedback from relevant parties.

### EMPOWER HSE PERSONNEL

The collaborative nature allows for your HSE management personnel to quickly publish reports, empowering them to streamline all HSE related
