

COMPANY PROFILE

Specialist in HSE Management, HSE System Solutions,
HSE Consulting and HSE Training

IESB AT A GLANCE

Intensive Energy Sdn Bhd (IESB) - your Trusted HSE Partner. Incorporated in 2012 by a group of knowledgeable and experienced professionals. Accredited to ISO9001 & ISO14001. Focused on empowering our stakeholders to perform in accordance with HSE best practices to HSE best practices and in compliance with international rules and regulations whilst demonstrating social and sustainability awareness.

We offer HSE management solutions that help our clients to achieve operational excellence whilst promoting safety, health & environmental integrity - from simple one-off training packages through to strategic risk management programs.

Our capability portfolio is best exemplified by HSE-on-the-GO, our solution for HSE management assessment and control that comes packaged with predictive analytics.

The system tracks, analyses and reports HSE activities that allow our clients to optimize performance without compromising on health, safety and the environment. Whilst we have experience across a plethora of sectors, we have achieved significant market traction in the oil & gas and petrochemicals industries as a result of strong client references and proven track record in helping to reduce business risk.

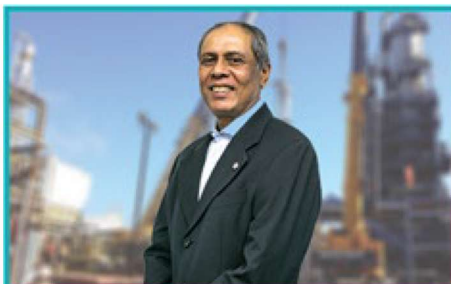

BUSINESS PRINCIPLES

IESB is committed at all times to meet our customers' expectations by continuously improving the quality of our products and services. Our continuous improvement programme is based on sound business principles, management commitment and leadership, staff involvement and technical methods. IESB is focused on contributing towards sustainable social and economic development of the business community in which we operate. Customers' satisfaction is our ultimate goal.
